Pablo (Paul)

Ha Ha!! Well What Can ya Say? There have been to many weekends where we have totally lost our senses. The Rush Concert, The Van Halen Concert, The U2 Concert, The Journey Concert, etc. The time at the University were you, me, and Scott were totally nailed. I think there have been more wasted times then sober times!! I'm glad Scott met you because then I wouldn't have as good a friend as you. We must repeat the nailed times this Summer — Paul

Dear Karen,
This is prosabely really cleiche (I didn't spell it right) but I'm really glad I got to know you this year and I hope to see you over the summer. You and Sue and I should get togetner. Best of luck in everything you do and have a great summer.

Love
Hillbotts

PS. Don't drink too much!

Dear Karen,
we had 3 crazy years! From Humanities to poetry! We went through good times and bad times, but the most important thing is we stayed close friends! You're a really good friend. You've stuck by me through thick and thin. I want to thank you for all you've done. So many things have changed in 3 years but I hope that nothing will change our friendship! Graduation will be great but sad because all you're friends. I hope we stay in touch in years to come! Have a great summer; and I'll probably catch ya in Hella! Hella to say everything comes my way! Good luck! U

was reported by zoo officials that after the search for the missing Ward Melville seniors had been aborted, it was decided that since it was Saturday, the seniors might actually be at their respective houses. Upon returning to the school, the officials conducted a series of telephone calls which served to confirm their suspicions. The seniors were told to have a nice day.

Russian Raisin Crop Fails

A report printed yesterday in Pravda, the official Soviet newspaper, confirmed the suspicions of State Department officials that this year's Commie raisin crop was virtually wiped out by an invasion of crazed lemmings that swam over from Alaska. Page A18.

Democrats Announce Plans

Walter Mondale, speaking to the Chicago Nun's and Priest's Bowling League, announced that instead of holding a National Convention to determine next year's Presidential candidate, a slumber party will be held at the Happy Hours Motel in Des Moines for the same reason. Page B4.

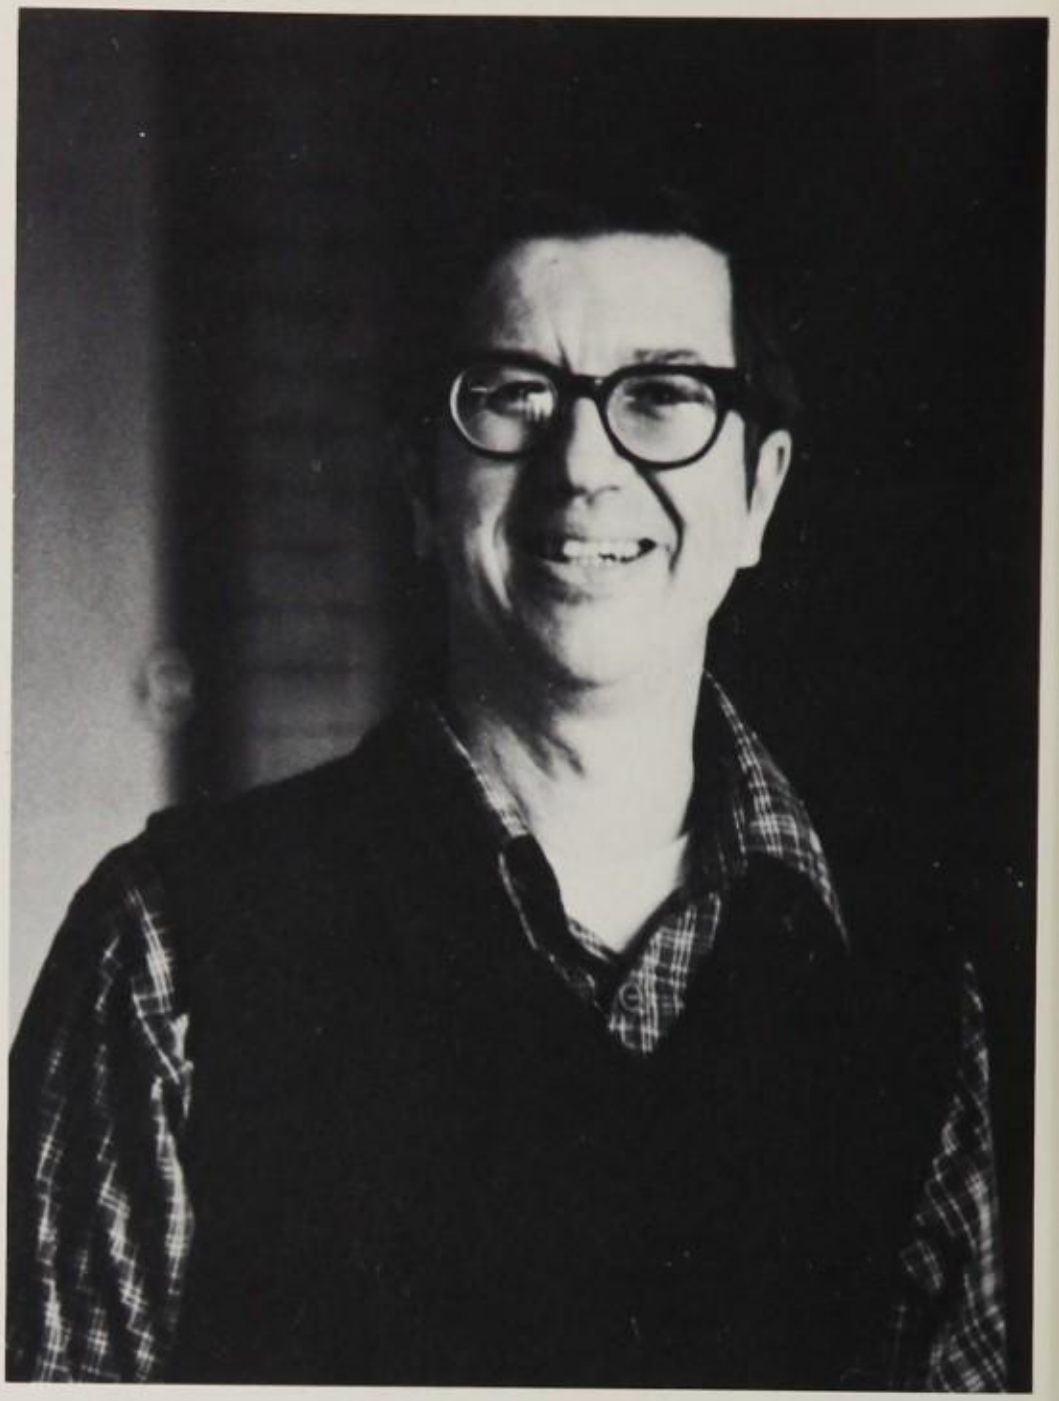
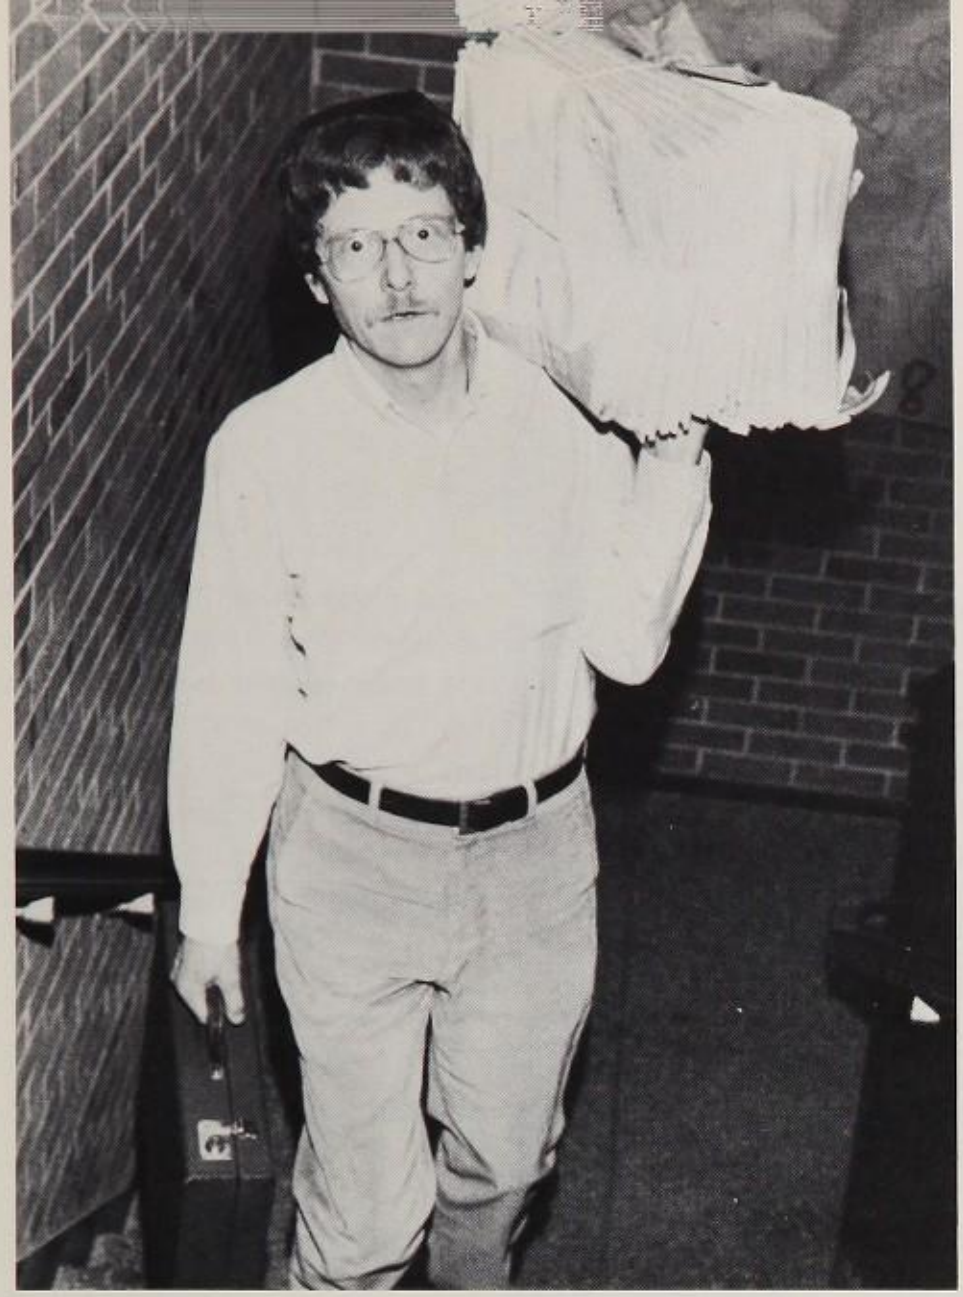
The Class of 1983 is proud to dedicate this yearbook to two outstanding teachers, Mr. Donald Palmer and Mr. David Rood. They have been not only instructors, but also friends, counselors, and confidants to many of us during our high school years.

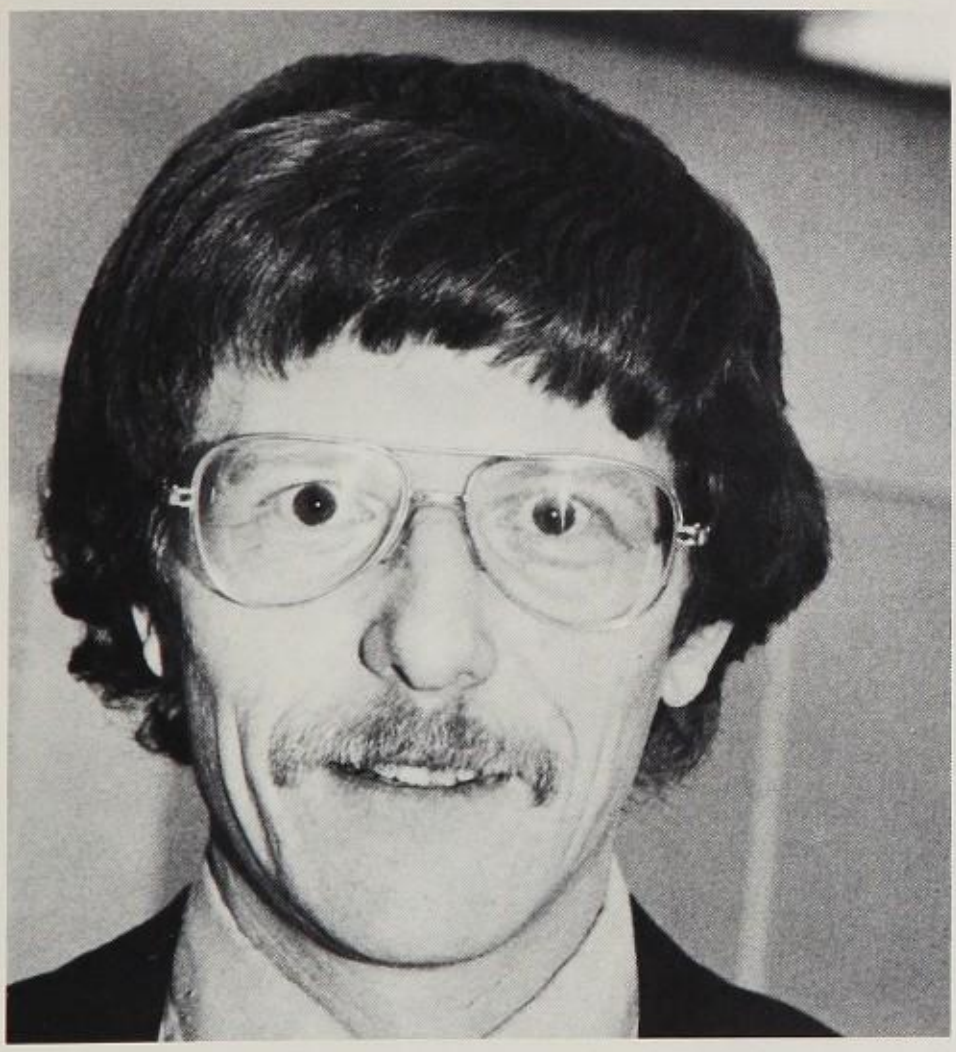
Both in the classroom and on the golf course, Mr. Rood's animation and exuberance prevail. His enthusiasm rarely dwindles, whether he is lecturing on American foreign policy or mediating an intense game of HollyRood Squares. He has the special ability to bring to life for his students the characters and events of the past about which he has such incredible knowledge.

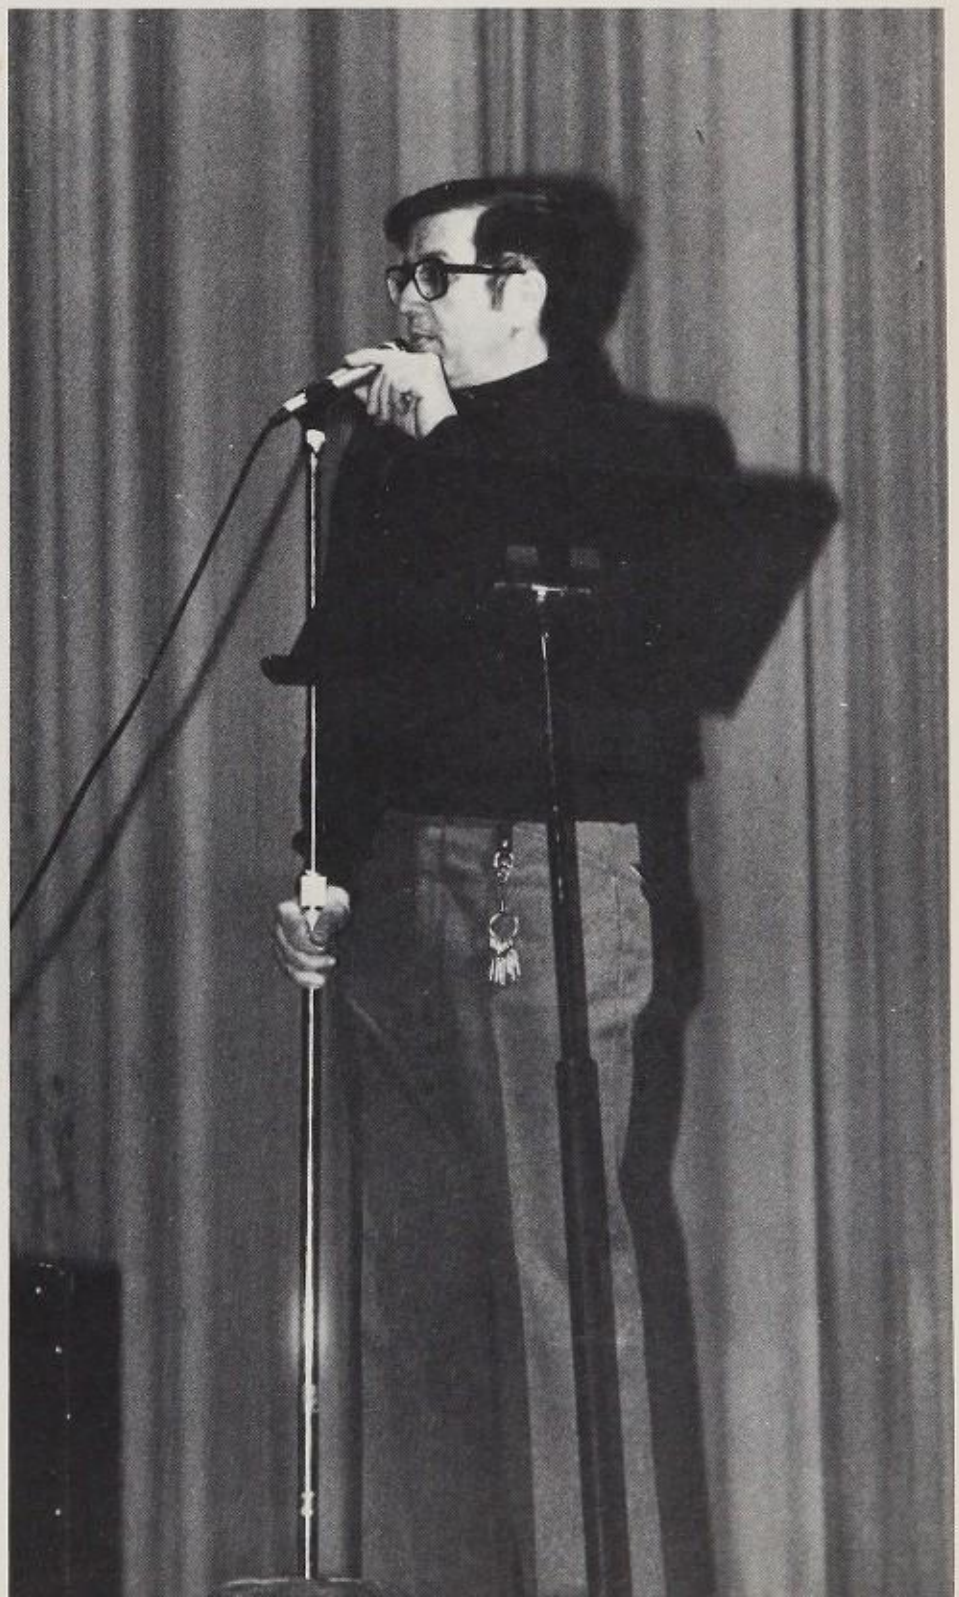
Mr. Palmer's good nature and his attitude towards teaching have allowed him to develop a very special rapport with his students. Rather than simply instructing them, he instills in his students the desire to strive for personal excellence. They are encouraged to experiment with all of the various artistic alternatives available to them without fear of failure. In this way they expand their capabilities both musically and personally, and are better human beings for having done so.

We feel extremely honored to have been associated with these two men during our years at Ward Melville. They have been a positive influence on our lives. Mr. Palmer and Mr. Rood should be as proud of what they have given us as we are proud to receive them: the gifts of an increased knowledge and understanding of our own humanity and of those around us.









Dear Students:

I hope that when you reflect on your days at Melville, the memories will be rich, happy and fond ones. This yearbook will help you to recall many events of your high school years and the people who shared them. The final event, your graduation, is also called a commencement, a time of beginning. You will be chartering new courses and assuming new duties.

I hope that among those duties will be the responsibility to be an informed and active citizen.

During this past year, a number of abbreviations have made news. The most easily recognized are the letters, E.T. These letters represent a personality that has brought enjoyment and pleasure to millions around the world. Another set of abbreviations, MX represents a weapon of mass destruction. These letters represent man's ability to destroy millions around the world.

The news headlines have also reported that:

The unemployment rate has reached its highest figure in forty years.

The Social Security System, which provides income to our elderly and disabled is threatened with drastic reductions or collapse.

The funding for student scholarships and aid to educational institutions have been drastically reduced or eliminated.

The annual Federal budget has been approved with a record deficit in excess of $180,000,000,000.

Why have services to our citizens been reduced while at the same time the annual budget has set a record high?

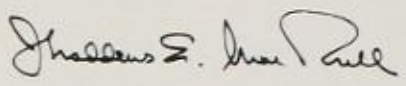
President Reagan has begun a rearmament program. Weaponry and military needs have become the national priority. Is our country preparing for war?

In the past, wars have had their victors and their vanquished, but with the massive destruction power of modern weapons, the next war can only have victims. Should we accept ignorance, unemployment, and starvation as the price of the potential ability to destroy our fellow man? Do we have the intelligence to build weapons to destroy this planet, but lack the intelligence to make it a bountiful world?

I would urge you, as your graduate in a few days, to dedicate yourselves to being informed and active citizens. I don't believe that there is a more pressing problem facing our citizens today than the quality of life in our country and the continuity of that life for generations to come.

I wish you every success and hope that you will have a long and fulfilling life.

Sincerely yours,



Thaddeus E. MacKrell, Ed.D.

In the Spring, Ward Melville hosted the Special Olympics and held a Jumprope-a-Thon for the benefit of the American Cancer Society. The group also initiated a chapter of the Students Against Drunk Driving in Ward Melville High School.

Fund-raisers have been conducted to help support existing clubs and programs. The Senior Prom and the Junior Dance are examples of activities subsidized by the Student Organization.

Through a dedicated group of students, the Ward Melville Student Organization has aided the school in many ways and effected many changes with beneficial results.

Best Wishes — Ralph, Amy, Marc, Gerald, and Audrey Wolf

This year witnessed the emergence of a new science-oriented club, the Science Alliance. Formed by Paul Hicks and physics teacher Jack Matier, the Alliance was designed to satisfy the scientific curiosity of its members. It did this in a number of ways, one of which was the presentation of an experiment or scientific demonstration during each meeting. Along with these experiments, a number of field trips were taken to various local scientific organizations. The Alliance was also involved in the Space Shuttle Involvement Project. Students submitted experiments to NASA with the possibility of these experiments being chosen to be conducted aboard the Space Shuttle. A small publication was printed by the club in which students summarized and criticized articles which they read. The members hope that the club will grow in size and number of activities next year.

The drama *The Miracle Worker* was presented in March. *You Can't Take It With You* was selected as the spring comedy.

One-act plays were presented at Parent-Teacher Night, An Evening of Comedy, and the Calliope Evening of Culture. Two children's plays toured the elementary schools during the holiday season.

The work of the theater unites the many diverse students involved as one successful unit. It is this feeling of cooperation and caring that makes The Players the special club it is.

To become one of this year's 130 Honor Society members, each student had to maintain a 3.5 overall grade point average and to display qualities of leadership, character, service and scholarship.

The major event run by the Honor Society this year was the Superdance. The 12 hour dance raised over $9,000 for the benefit of the Muscular Distrophy Association. Merchants of the Three Village area donated prizes and food. One of the biggest supporters, Goodskates, donated the sound system for the night of the dance and the proceeds from a Melville night at the rink. Mr. Vitberg, the advisor for the Honor Society, was a great help in organizing this dance.

There were 15 semi-finalists from Ward Melville High School in 1982, the largest number in the school's history and more than any other Long Island high school this year.

Yearbook

Back: Stephanie Drew, Valerie Blanchenay, Gregg Golub, Lisa Zeidenberg.
Front: Colleen Mahony, Karen Bernstein, Peter Bilello, Jessica Miller, Ellen Zimmerli.

Having known three of the past Editors-in-Chief, I was led to believe by them that putting together a yearbook is a very demanding job. I soon found out that they weren't kidding.

Putting together sixteen pages for the initial deadline can lull a yearbook staff into a false sense of security. However, when the fact that the next deadline is 94 pages hits you (something like the proverbial "ton of bricks"), that's when the work really starts.

I would like to take this opportunity to thank the few people, of the initial hundred or so who expressed interest, who were dedicated enough to get this tremendous job done. First, I would like to thank Karen Bernstein, Lisa Zeidenberg, and Colleen Mahony, who were always there with a Quad-Pack and a Techni-Cropper or hunched over a typewriter pecking away at the keys. Next I would like to thank my assistant, Jessica Miller, who did those multitudinous little jobs without which nothing would have come together. As a finance editor Penny Furness could probably draw blood from a stone. Finally, I would like to express my thanks to Peter Bilello, my photography editor and right-hand-man, without whom I probably would have gone crazy.

I would also like to thank those other people (you know who you are) who helped make this yearbook a success.

I hope everyone who is reading this enjoys having this yearbook as much as we enjoyed producing it.

Thank you,
Gary Lowitt

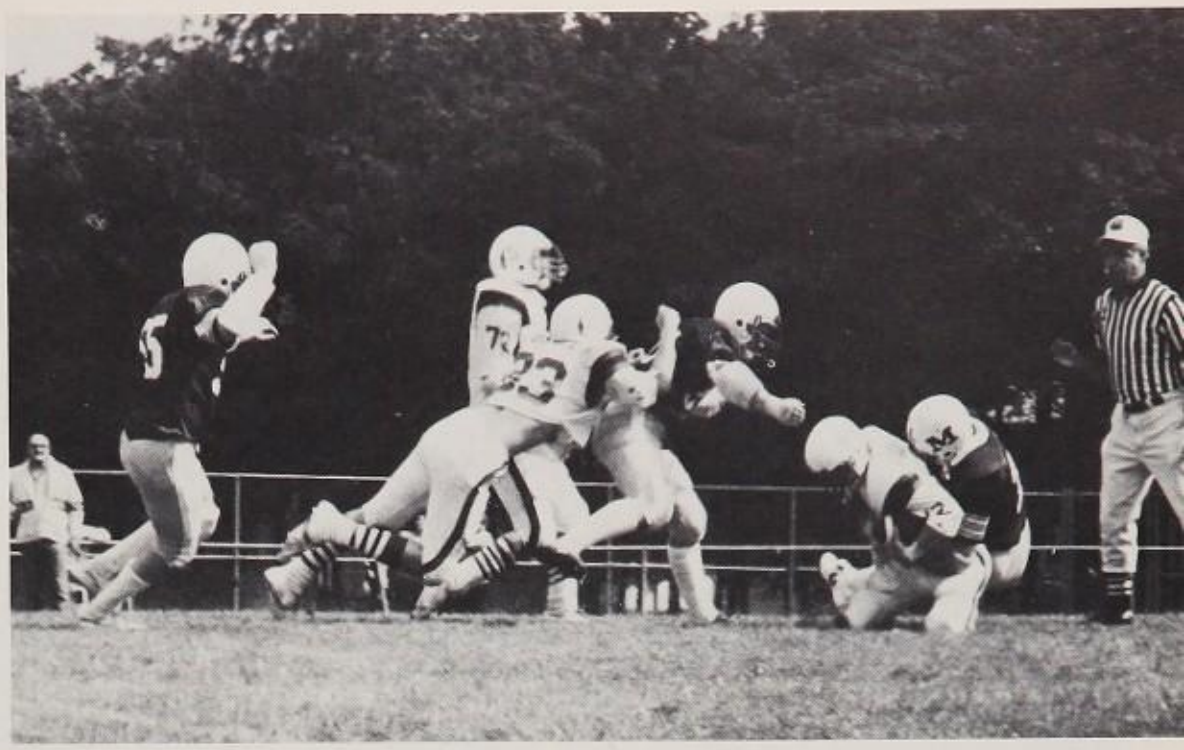
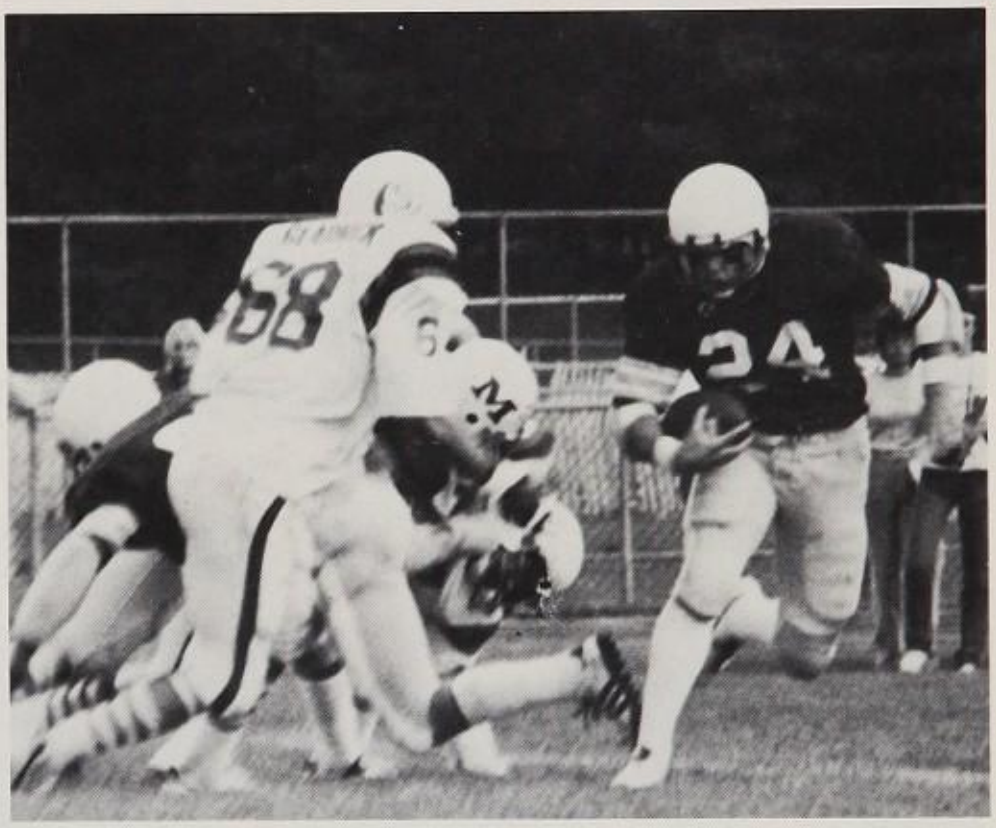
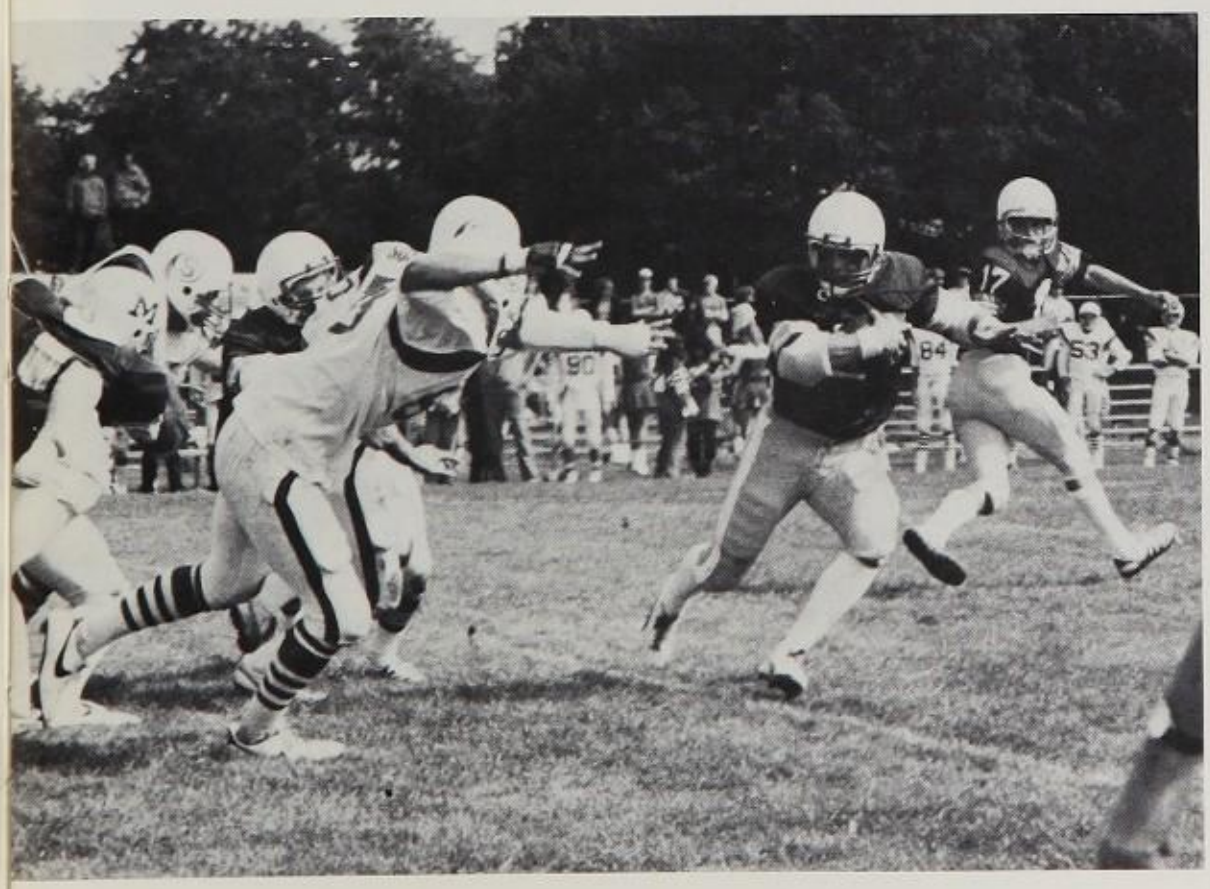
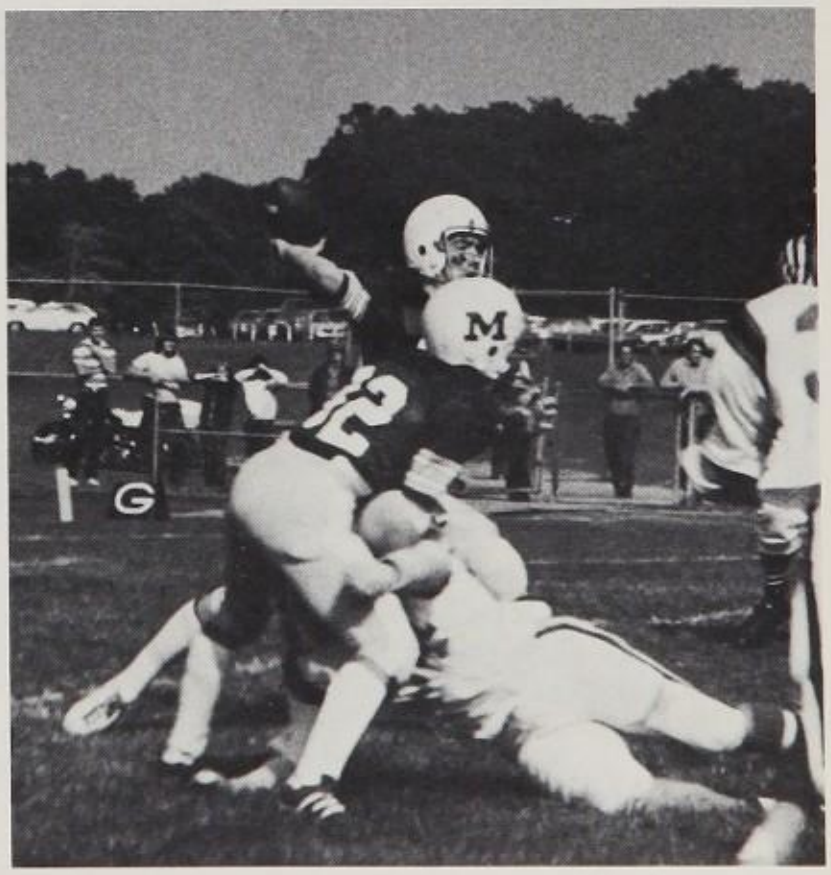
Best wishes to the Class of '83. The Haegeles









Congratulations and best wishes to the Class of '83 and especially to our great daughter Julie. Mr. and Mrs. Paul Catan

This year's football team was led by the strong running of Kevin Knipfing who ran over 100 yards in four different games.

A very stingy defense that was tops in League One was led by all-county linebacker Eric McMurray. All-League safety Marc Vitale finished first in the conference with eight interceptions.

Muskie Teresky broke all school records for pass receiving and total yardage gained. Lineman Brendan Clancy, Jim Carl, Bill Oliver, Dan Hegarty, and Kurt Conger gave quarterbacks Dave Koehler and Craig Darragh plenty of time to throw to break those records.

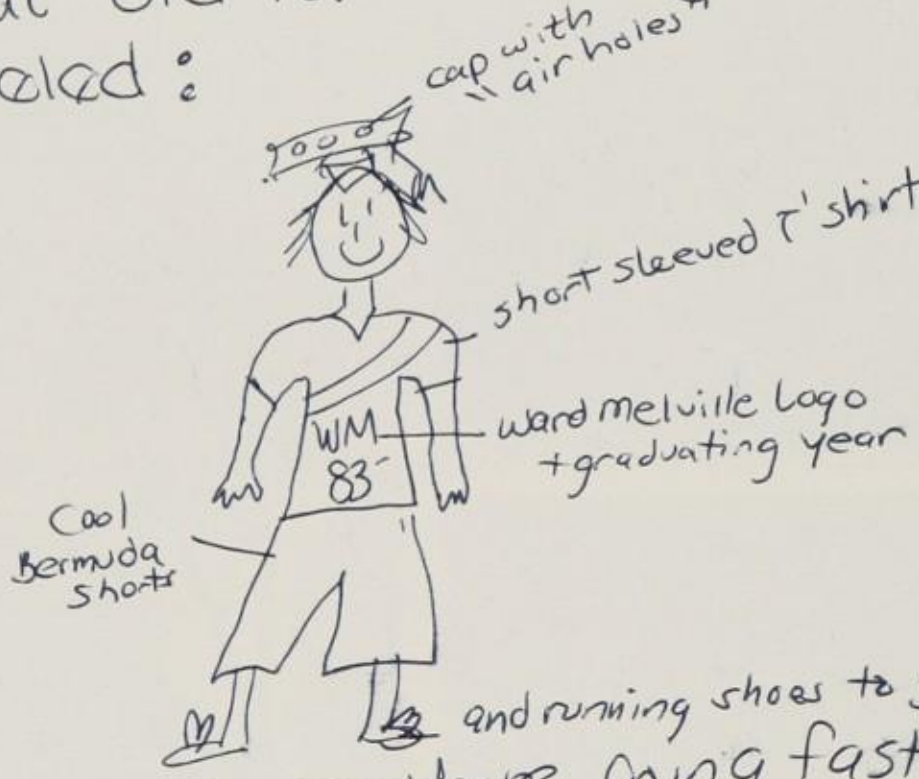
Advertisment:

Are you graduating?

You know, the time of year when you wear a long gown and a flat hat on your head on the hottest day of the year? And of course the gowns are made of a material that conviencently stores heat in its Layors. Well now theres new graduation dress, a nifty short outfit that replaces that old-fashioned gown. Here you see it modeled:



cap with air holes
short sleeved t' shirt
ward melville logo + graduating year
WM 83'
Cool Bermuda shorts
and running shoes to grab the diploma + run.

Purchase yours now, cuz there going fast, just like our years in high school!

P.S. What ever happend to "Weinie man"?

David firing the bottle rockets
at us towards you, you screamed and
The Swan swam over the canoe. Then I got back in the
tipped over while you were getting back in the canoe

you tipped over the canoe a couple times but you just tried tipping it
the canoe a couple times but you just tried getting it over. I
So finally I told you I swam the canoe in the
held in still then I swam out and got back in the
Paddles floating away attacking me. While I was standing
while the Swan was at Elicabeth's ear old

Karen,
No, it wasn't a golf club, and this ain't a ukelele or a violin, banjo, or fiddle. It's a guitar. Now that we've got that cleared up, I hope that we indulge in a wild summer and a wild rest of life. You're cool and your wife.
Love Bill

Karen,
We have had a lot of good times through the years. We're glad we stayed friends after all that has gone on. We know we will always be good friends. We don't want to ever lose touch, whatever we wind up doing with our lives. We'll see you at the Prom and graduation. We have to stand together at graduation! You have to come to my graduation party!
Love always
Debbie H.
